Solutions For The Farmer's Adviser

We're boldly turning up how news is delivered

to ag retailers and consultants by becoming

a reflection of the changing industry.

Here's The Scoop.

2021 MEDIA KIT

“While the mechanics of ag retail may seem the same as in the past, the dynamics of the industry have changed. With more technology and consolidation than ever, professionals are doubling down to secure their position as a trusted adviser to the farmer.”

Cut through the clutter. Deliver results. That's the role of the ag retailer as a trusted adviser to farmers — and that's our mission at The Scoop for our marketing partners.

Ag retailers play a critical role in the industry, and with our multimedia coverage, we aim to help them keep up-to-date with the product announcements, regulatory updates and need-to-know industry news. When we give our audience The Scoop, we are sharing the solutions they are seeking for their business.

The Scoop has the connections and touchpoints to be the most reliable new source serving ag retail. We are the only media outlet providing a daily eNewsletter to ag retailers. We have the leading news podcast focused on ag retail. And The Scoop has an impressive social media footprint.

Every issue of the magazine includes content on the topics that matter to ag retailers: agronomy products, technology, facilities, machinery and business management.

From seed treatments to fertilizer tenders, liquid fertilizer blends to weed control technologies, and data-driven agronomy to logistics enabling on-time application, we cover it all.

Agronomic decisions aren't getting less complex. While technology and new products aim to bring needed advancements, there's even more pressure to measure return on investment for every input dollar. Farmers turn to their trusted advisers for the consultation and confirmation they seek with every decision.

For those who move fertilizer with wheel loaders, fill the seed treater for just-in-time application, wirelessly transfer prescription files and make agronomic recommendations, we are their resource for timely information to enable them to elevate their professionalism with The Scoop.

Sincerely,

Margy Eckelkamp
The Scoop Editor

Our Editorial Mission

The Scoop readers are critical influencers of U.S. producers. The Scoop communication products provide agronomic and business management solutions to retailers/distributors, professional farm managers and crop consultants, resulting in increased production and profitability in the food, fiber and energy marketplace.

Margy Eckelkamp Editor

Margy Eckelkamp is a multimedia journalist providing the agricultural industry with leading service journalism. As editor of The Scoop, Margy provides editorial guidance and organization for the publication. She also continues to be part of the team that aligns Machinery Pete with farm equipment dealers to build the fastest-growing farm equipment website, and she further reinforces Machinery Pete, as the most trusted name in farm equipment. Before her current position, Margy was the machinery editor and test plot director for Farm Journal. She helped launch the Corn College series of events and also provided agronomic content for Corn College TV.

Rhonda Brooks Contributing Editor

Rhonda Brooks leverages nearly 30 years of experience working in the agricultural industry. Rhonda joined Farm Journal in 2016. Prior to that, she worked in marketing communications with a number of multi-national agribusiness firms and freelanced for several national and state-specific farm publications. An agricultural journalism graduate of the University of Missouri-Columbia, Rhonda has won more than a dozen communications awards throughout her career. Rhonda is a native of southwest Missouri, where she grew up on a diversified grain and livestock farm.

Contact Rhonda: rbrooks@farmjournal.com

Sonja Begemann Seeds & Production Editor

Sonja Begemann joined Farm Journal in the spring of 2015. As the seeds and production editor, she provides information about anything that makes crops grow, namely seeds, pesticides and other agronomic information. As a third-generation agriculturalist, she is passionate about providing valuable information to farmers to help them boost their bottom line. When she's not getting her boots dirty in fields, she enjoys long-distance running and spending time with family and friends.

Contact Sonja: sbegemann@farmjournal.com

Chris Bennett Technology & Issues Editor

Chris Bennett, an editor with Farm Journal magazine and AgWeb.com, has written on a variety of agriculture topics for more than a decade. He is drawn to stories involving issues of importance to farmers, unique individuals, innovation or anything down an odd trail. He lives in Mississippi and loves squirrel hunting, walking Delta fields for hours on end, getting perpetually lost on the Tombigbee River and most of all, spending time with his family.

Contact Chris: cbennett@farmjournal.com

Sara Schafer Contributing Editor

Sara Schafer, editor of Top Producer magazine, grew up on a family farm where they raised hogs and cattle, along with soybeans, corn, wheat, milo and hay. Since joining Farm Journal in 2008, she has covered a broad range of topics pivotal to the success of U.S. farmers. In addition to being an award-winning journalist, she has played several key roles with the transformative relaunch of AgWeb.com, spearheaded the Farm Journal Legacy Project expansion and greatly increased the flow of succession planning information to farmers. Sara graduated from the University of Missouri-Columbia with a degree in agricultural journalism and a minor in agricultural economics. Sara and her husband reside in Columbia, Mo.

Contact Sara: sschafer@farmjournal.com

Lindsey Pound Art Director

Lindsey Pound, Farm Journal and The Scoop Art Director, grew up on her family's farm in central Missouri where they raise corn, soybeans and wheat. Since joining Farm Journal in 2007, she has designed Farm Journal and other crop and livestock editorial. Lindsey works with Farm Journal's Content Services department as the art director and has designed materials for the Farm Journal Foundation in its early years. In addition to being an award-winning designer, Lindsey is a key photographer for Farm Journal. She graduated from the University of Missouri-Columbia with a degree in general agriculture while obtaining several credits in graphic design and photography. Lindsey and her husband reside on their farm near Laddonia, Mo.

Chip Flory Contributing Editor

Chip joined Pro Farmer as a floor reporter for Futures World News in January 1988 after graduating from Iowa State University with a degree in ag journalism. He spent three years reporting from the floors of the Chicago Board of Trade and the Chicago Mercantile Exchange

as bureau chief for FWN. Chip moved to Pro Farmer headquarters in 1991 where he started as electronic services editor. With Pro Farmer, he served as senior market analyst, general manager, editor of the company's flagship newsletter for 17 years, editorial director and is now editor emeritus for Pro Farmer. Chip is the host of Farm Journal's issues-driven "AgriTalk" and markets-driven "AgriTalk After the Bell." Chip is also the Farm Journal economist, providing market insights for readers in each issue of Farm Journal.

Contact Chip: cflory@farmjournal.com

Clinton Griffiths Contributing Editor

Clinton serves as the 12th editor of Farm Journal and the face of AgWeb while continuing to serve as the host of "AgDay Television". He comes to Farm Journal with lifelong connections in agriculture, growing up on his family's ranch in Deming, N.M. He grew up showing cattle and was actively involved in FFA and

4-H. His time in the show ring helped pay his way to Oklahoma State University, where he earned a degree in ag communications.

Contact Clinton: cgriffiths@farmjournal.com

John Herath Contributing Editor

John Herath has served as news director at Farm Journal since 2017, coordinating with teams across broadcast, digital and print and across ag sectors to drive news for the industry leading AgWeb.com site and the "AgriTalk" radio show.

Herath joined Farm Journal in 2012, as part of the company's purchase of "AgriTalk," and still serves as the show's executive producer. He has worked as a reporter and radio talk show host for more than 30 years. Prior to joining "AgriTalk," he was the press secretary for the Illinois Department of Agriculture.

Contact John: jherath@farmjournal.com

Betsy Jibben Contributing Editor

Betsy Jibben is a national reporter and anchor for Farm Journal. She works on the TV side for "AgDay" and "U.S. Farm Report". Her job is to travel throughout the country and cover different agricultural stories. She has reported on all aspects of agriculture, such as policy, markets and feature

stories. Betsy has traveled coast-to-coast to cover agricultural topics. She's been in midwestern corn fields, southern cotton gins, dairies near the East Coast and orchards along the West Coast. She is a South Dakota farm kid who is now an Indiana transplant. Betsy grew up on a row crop farm and cow-calf operation. She was involved in 4-H, Horse 4-H and spent her time outdoors riding horses. Betsy graduated from South Dakota State University with a degree in broadcast journalism.

Taylor Leach Contributing Editor

Working as a digital content producer and e-media analyst for MILKBusiness.com and DairyHerd.com, Taylor graduated from Oklahoma State University, where she received her bachelor's degrees in animal science and agricultural communications. Taylor also helps

oversee her family's registered Holstein and Jersey operation, Lin-Crest Farm, in her hometown of Linwood, Kansas, and currently lives in Hustisford, Wisconsin, where she is the assistant calf manager at Hildebrandt Family Farms and marketing coordinator for Prairie Pure Cheese, LLC.

Contact Taylor: tleach@farmjournal.com

Tyne Morgan Contributing Editor

Tyne Morgan is doing what she calls her "dream job." She's a Missouri girl who has generations of agriculture rooted in her blood. Born and raised in Lexington, Mo., FFA was a big part of her high school career. After spending numerous hours on the road as "AgDay" and "U.S. Farm Report"

national reporter, in 2014, Tyne was named the first female host of "U.S. Farm Report". She's only the fourth host of the show, following Orion Samuelson, Max Armstrong and John Phipps.

Who We Serve

Solutions For The Farmer's Adviser

The Scoop Total Circulation

20,009*

The Scoop delivers business solutions, or what we call "the scoop," to agriculture retailers/distributors, crop consultants and professional farm managers. We arm our audience with information they need to help farmers make strategic decisions because we recognize the role of retailers as trusted advisers. Their influence is more important than ever. And when it comes down to decision time, farmers turn to their trusted advisers for direction. Bottom line: we're a reflection of how the ag world consumes information, so it's no surprise an impressive 89% of The Scoop subscribers serve a vital function in helping growers make business decisions.

The Scoop delivers a print magazine to more than 20,000 subscribers while offering a daily eNewsletter that reaches more than 25,000 critical grower influencers and large equipment/service purchasers.

We are proud to be the official magazine of the Agricultural Retailers Association and National Alliance of Independent Crop Consultants and serve members of the American Society of Farm Managers and Rural Appraisers.

The Scoop is part of Farm Journal's powerful platform for increasing the ability for companies to drive their business goals at both the farm and retail levels in one integrated approach and literally, move the market.

Trim Size: 7.5" x 10.125"

*Page is three columns wide, 140 lines deep, 420 lines per page.

**Right reserved to crop up to .1875" from either side of a page to compensate for variations in trimmed page size depending upon page position in the magazine and the shingling effect of saddle stitch binding. Keep essential live matter at least .625" from bleed page width dimension at trim side of an ad. Keep type matter .25" from center fold in all gutter bleeds and .5" from bleed page depth dimension at head and foot of ad. For black & 1 color ads, the second color should be a process color or simulated using process colors. Matched colors are available by special arrangement.

Use caution for facing page spreads. Slight variations in gutter alignment occur. Therefore, it is essential that reader matter, lettering, rules and detail images which may spread across gutter be avoided when possible.

About Farm Journal

Farm Journal is the nation's leading business information and media company serving the agricultural market. Started 144 years ago with the preeminent Farm Journal magazine, the company serves the row crop, livestock, produce and retail sectors through branded websites, eNewsletters and phone apps; business magazines; live events including conferences, seminars and tradeshow; nationally broadcasted television and radio programs; a mobile-text-marketing business; and an array of data-driven, paid information products. Farm Journal also is the majority shareholder of the online equipment marketplace, Machinery Pete LLC. In 2010, Farm Journal established the non-profit, public charity, Farm Journal Foundation, dedicated to help sustain agriculture's ability to meet the vital needs of a growing population through education and empowerment.
