

NECROPSY FORM

Date: _____ **Yard, Pen/Lot & Animal ID:** _____ **Samples taken** Yes / No
Sex (S-H-B/C) **Breed** (British-Zebu-Exotic-Dairy) **Weight:** (<4, 4-6, 6-8, 8-10, >10) **Approx DOF:** _____
Died Where (Receiving, Home, Hosp, Recovery) **Euthanized** (Y / N) **Type stress** (Heat-Shipping-Rain-Mud)
L temp: <40s, 50s, 60s, 70s **H temp:** <60s, 70s, 80s, 90s, >100
Pull Dx _____ **Previously Sick** (N -Y: <30 or >30 days)
RxAB: Exc-Exl-Nax, Draxxin, Micotil, Nuflor, Baytril, OTC, Pen, Amp, Sulfa, / MM:(Y-N-U)

PHOTO Surface & Opened with ID in pic: **Lung +LN, Heart, Liver, Kidney, Sm. Intestine +Mesenteric LN, Other**

<i>Place an "NE" next to body systems that NOT EXAMINED</i>			
GENERAL CONDITION	HEART	Reproductive	
BCS ()	Outside infection	Infected	
Fresh (F) or Rotten (R)	Inside infection	pregnant (early, mid, late)	
	Bloody spots on surface		
SKIN	Enlarged	JOINTS & BONES	
General hair loss or skin infection		Injury	
Sinus injury or infection	INTESTINE	Infected	
Mammary gland infected	Contents bloody		
	Lymph nodes large	MUSCLES	
Oral Cavity Lesions (Y/N)	Infection	Neck – bloody	
	Peritonitis	Back & side – blood spots	
NECK	Obstructed	Hind leg – pale	
Bad IV injection		Injection site	
Dark blood filled neck	LIVER	Muscle injury	
	Rotten big yellow spots		
ESOPHAGUS	General yellow color	SPLEEN	
Ulcers or Erosions	Abscess	Swollen and full of blood	
Edema (Parasites)	Migrating Flukes (black streaks)		
	Large Hard Congested (Nutmeg)	Kidney (Lf /Rt)	
TRACHEA		Abnormal color (Pale / Dark)	
Larynx lesion	GALLBLADDER	Rough with scars or streaks	
Trachea Red or bloody	Enlarged	Bloody spots	
Top thick & bloody	Bloody inside surface	Mushy rotten	
Froth or fluid in lumen	Bile ducts-Flukes	Infection /Pus	
		Bladder – red spots or infected	
LUNG	RUMEN RETICULUM-OMASUM:	Urine – bloody or flocculent	
Fluid around lung	Free Gas		
Lung collapsed	Froth	BRAIN	
Lung fluid filled	Bloody spots on folds	Dark red and watery	
Lung gas / emphysema	Ulcers	Slight pus on the bottom	
Lung dark & hard	Traumatic adhesions	Small dark rotten areas	
Lung abscesses		Injury	
Lung stuck to ribs	ABOMASUM:		
Lung lymph node large & angry	Thick folds	CANCER ... where?	
%Affected (<1/3, 1/3-2/3, >2/3)	Ulcers		
Approx Age (<1, 1-3, >3 wks)	Thick with white spots
